# BIKE HOLIDAYS CANAL DU MIDI

Cycling: Canal du Midi

## Enjoyment and Precious Buildings

60.000 trees have been planted along Canal du Midi in France to affix the bank. Until today many trees are seaming the waterway which leads from Toulouse to the Mediterranean Sea. The trees also shade the tow paths and roads which are leading during this journey to the numerous cultural monuments: to cathedrals and palaces, to roman and medieval buildings. Besides richness of culture there are also culinary delicacies located at Canal du Midi. Great wine is growing and wonderful cuisine has its origin here. Enjoyment is tradition.
