BIKING HOLIDAYS ALPINE BIKE GRAUBÜNDEN

Biking: Alpine Bike

Swiss bike pleasures

The unspoilt nature of the Swiss National Park sets the scene for one of the most beautiful bike tours in the Alps at the beginning. You ride down into the picturesque Val Müstair. A short stop in the shopping paradise of Livigno and on to the world-famous winter sports resort of St. Moritz. Ancient trade routes climb steeply up to Septimer Pass. Now you have reached the Albula region with Savognin and Tiefencastel. Then a steep ascent to Turrahus. Wild and wide is the Safiental and the beautiful landscape invites you to linger. But behind the next pass, the sunny terraces of the Surselva await you. On winding trails, you will eventually swing down to Andermatt.
