

HIKING HOLIDAYS TICINOS VALLEYS

Hiking: Ticinos Valleys

Switzerland's hidden corners

Switzerland's most secluded areas are to be found in the side valleys of Ticino. Time seems to stand still between pointed church towers and stone houses. And while life pulsates just a few kilometres away on Lake Maggiore, one feels as if one has stepped into another world as soon as one arrives here.

In Verzasca Valley, steeply sloping flanks of the valley and countless waterfalls wait for you. Contrast this with the Maggia Valley a little further afield: typical rusticos and turquoise-blue pools are waiting to be discovered. Mule trails characterise the Onsernone Valley and Centovalli, before a last trail high above Lake Maggiore concludes the tour through Ticino's valleys.

ITINERARY

DAY
1

Arrival in Sonogno | «Sentiero Verzasca» Sonogno – Lavertezzo

Luggage drop-off in Locarno and bus ride to Sonogno. Both Sonogno and Lavertezzo with its famous stone arch bridge are worth the trip. The stretch in between is also scenic: you hike through a piece of unspoilt, stone-rich mountain Ticino and stop for refreshments in a typical grotto.

 approx. 4 h  approx. 14 km  265 m  650 m

DAY
2

«Sentiero Verzasca» Lavertezzo – Locarno

The section of the trail between Corippo (listed as a national heritage site) and Mergoscia is spectacular. Along the mountain trail you will come across architectural evidence of the struggle for existence that the farmers waged a hundred years ago. Hike to Minusio and continue by bus to the centre of Locarno.

 approx. 6 h  approx. 17 km  1'040 m  1'145 m

DAY
3

Locarno – Ponte Brolla

Bus ride to Lodano. At the very beginning you dive into the silence of the small villages of Lodano, Mogheghno and Aurigeno. On relatively flat paths through lush green forests, down in the valley the Maggia river digs deeper and deeper into the rock. Beautiful basins above Ponte Brolla and unique rock formations mark the end of today's hike.

 approx. 3.5 h  approx. 13 km  500 m  610 m

DAY
4

«Via delle Vose» Loco – Intragna

Bus ride to Loco. First a steep descent down to the river Isorno. Then through chestnut woods and past scattered houses and settlements on old mule tracks towards Centovalli. The highest bell tower in Ticino greets from afar in Intragna.

 approx. 2 h  approx. 6 km  275 m  615 m

DAY
5**«Via del Mercato» Intragna – Camedo**

For a long time this mule track was the only connection through the Valle Vigezzo to Domodossola. After a long climb you reach the small village of Verdasio. Through the forest of Gaggio to Palazzo Tondù in Lionza, a listed building. Then you pass the Parco dei Mulini above Borgnone and reach the stone houses of Camedo in the upper Centovalli.

DAY
6**Rasa – Ronco sopra Ascona | Departure or extension**

Short train ride to Verdasio. By cable car up to the small village of Rasa. Don't start the walk too early, because the typical grotto in this village is a highlight. You leave this sunny terrace and hike through dense, shady forest up to Casone. Wonderful views of Lake Maggiore spice up the descent to Ronco sopra Ascona. Take the bus to Locarno, collect your luggage and departure.

TOUR CHARACTER

Partly many metres in altitude and long stages. Especially in spring and autumn, paths on north-facing slopes can be slippery. Good physical condition is necessary for the steep climbs.
